

Kymbrook Pre-school is a community-based charity that provides for the development and early education for up to 22 pre-school aged children. We offer full-time day care for children from 2½ to 5 years during term time and run holiday clubs during the Easter and Summer holidays. We also operate breakfast and after-school clubs for school children during term time. We are located on the site of Kymbrook Lower School.

We are a Registered Charity, regulated by the Charities Commission, and as such any money generated by the group is used solely to further our aims. We are members of the Pre-School Learning Alliance and are also OFSTED registered and can therefore offer a number of places for fully funded three and four year olds.

Our staff are trained and experienced in the care and education of pre-school children and the ratio of adults to children conforms fully to OFSTED standards. Our strong links with Kymbrook Lower School mean we are also extremely well placed to help children transition from Pre-school to full-time education.

Our Aims

Our goal is to provide a happy, secure environment in which our children take their first steps in socialising away from home and to achieve this, our aims are:

- To stimulate the imagination and provide education through play, in accordance with the PSLA Guidelines and the Foundation Stage Curriculum.
- To encourage children's self-confidence and develop their personal and social skills.
- To introduce the concepts of mathematics, language and literacy through play.
- To develop children's knowledge and understanding of the world through stories, play and discussion.
- To promote their physical and creative development through a varied curriculum.

Our Promise To You

We will do our best to ensure your child's happiness within our setting and to provide enjoyable, educational and suitable activities every day.

Facilities

We have the use of the school playground and equipment, our own playground, a grassed surface outside play area and the school playing field in fine weather.

Your child will be given the opportunity to experience: craft activities, science activities, reading and story telling, computer skills, cooking, singing, playing musical instruments, role play games, painting and drawing, sand, play dough, climbing, ball games, ride-on's and much more.
